FOOTBALL GAMES ON THREE GRIDIRONS

NEVADA WINS THE INTER-STATE GAME

The Nevada university team arrived in Salt Lake Wednesday afternoon at 3 o'clock, instead of 8 30 a. m., as scheduled. In changing cars at Ogden the boys got on the wrong car, boarding a Rio Grande Western while their tickets called for the Short Line. The conductor appeared before Kaysville was reached and demanded full fares. This was refused, and the boys were sidetracked and remained there until they were rescued by Manager Riser of the Utah University team and escorted to the Kenyon hotel. Shortly after their arrival the team was taken down to the pony grounds for light practice by Coach A. C. Steele.

There were 3,500 people present. Both teams were much stronger in their offensive play than on the defensive and the loss of the ball at any time meant a gain for the opposing side. The feature of the game was a magnificent punt by Graham of Nevada, who got his team out of a hole by sending the ball seventy yards from Nevada's five yard line. Roberts and Labe of Utah made good end runs. Smith of Nevada did fine work against the line and Wright of Nevada did one for the line. The features of the contest were the forty-five yard run of Roberts and the twenty-five yard run of Wright. Both of Utah. Neither scored in the first half. Nevada scored a touchdown and goal in the

second half and was forced over her own line for a safety.

The game was called at 2 o'clock Thursday from a place kick by Gov. Wells. The halves were according to rule, 25 minutes each. The line-up of the teams and stated weight of each of the players was as follows:

Nevada	Utah
Weight, 1791	Weight, 1728
Wright, 187	150, Harter
McElroy, 159	158, Brown
Leavitt, 171	160, G. Weston
Hunter, 204	194, Robbison
Smith, 209	164, J. Weston
Riordan, 159	155, Dougall
Kearney, 159	150, Johnson
Leadbetter, 141	130, Wade
	127, Patterson
Hoffman, 127	150, Roberts
Graham, 151	145, Sanders
Lawrence, 171	155, Bennion

VICTORY FOR THE RENO HIGH SCHOOL

The Reno High School team won a decisive victory over the Gardnerville eleven Thanksgiving day. The score was 30 to 0 in favor of the Riverside boys.

As this was the first game played by the Garden Valley team and in fact, the first football contest ever witnessed in that part of the country, great interest was taken by Gardnerville in the game and the attendance was large.

Bren Smith officiated as umpire. The boys were taken to Carson where they will play the Stewart Institute team this afternoon.

CYCLERS SHUT OUT THE SECOND ELEVEN

A hotly contested game of football was played on the University oval Thursday afternoon. The opposing teams were the second eleven of the University and the Reno Wheelmen's team.

There was a large attendance and much enthusiasm was manifested by the rooters for the respective sides. The college boys played together well and showed excellent defense, but they were outclassed by the Wheelmen in weight and opposing tactics. The latter were aggressors almost throughout the game.

No score was made by the college boys, but the cyclers came out with a big six-point goal to their credit.

A year ago the Wheelmen gave a good account of themselves in a game against a patched up eleven from the University.

The victory Thursday has filled them with a desire for more scalpings. It was decided after the game to go into practice early next season and put out a team that will be a formidable adversary for the varsity eleven.

A track team is also determined upon. The Reno Wheelmen's Athletic Club will be the title of the wheel within the wheel.

The varsity football players are expected home from Salt Lake this evening.

GETTING READY TO ORGANIZE

By-Laws Committee of the Proposed Miners' State Association Are at Work.

Last evening the committee on constitution and by-laws for the proposed Miners' Association held a meeting at the office of President Geo. Holesworth and discussed in a general way the work for which they had been selected.

Frank Folsom was elected secretary of the committee and instructed to correspond with the Miners' Association of California and procure a copy of the constitution of that organization for the use of the committee at a future meeting, which will be held at the call of the chairman, W. J. Lynch.

It was suggested that an invitation be extended by the members of the committee to those interested in the movement to offer suggestions as to the scope and character of the work to be undertaken by the proposed organization.

As stated in The Journal of last Saturday, the intention is to form a Miners' and Prospectors' Bureau which will ultimately include all the districts of the State for the furtherance of the mining industry.

At present no provision is made to bring the mining possibilities of the State to the notice of the world. Intending or possible investors have no means of securing information in regard to our leading industry, and must content themselves with what little data they can procure from different or unreliable sources. An organization such as is proposed above would be of incalculable benefit and should be encouraged.

Furniture Factory Is a Possibility.

The Journal has been informed on good authority that the John Breuner company has completed arrangements for erecting a three-story brick furniture factory in this city. It will be ready for operation, before midsummer.

This company expects to make Reno its distributing point for the vast section of territory within the Great American Basin.

A trainload of steel rails and spikes arrived last night for the extension of the N. C. O. railroad. Track laying will begin Tuesday.

A bad wreck occurred east of Clark station last evening. The west-bound mail train was delayed until after midnight in consequence.

Last evening Constable Leeper arrested an old man on the charge of forgery. The man made good the amount of the bogus check and was released from custody.

Miss Mary Adams, sister of Walter Adams of this city, was married Thanksgiving day to Thomas Hopper, grandson of the well-known Santa Rosa capitalist by that name.

Matt Parrott has received from the east a curiosity in the form of a blunderbuss used in the wars with the Indians in colonial times. The shooting iron weighs fourteen pounds and has an inch bore.

Sweep the Street.

There is a great deal of kicking done because of the neglect of the town trustees in keeping the newly paved street clean. It should be swept every morning by the chain gang or the contract for keeping it clean awarded to someone.

A Happy Hooligan Gets Against It.

One young man a recent arrival in Reno, and who probably will not remain here long, had very little to be thankful for Thursday. He began the day, by imbibing divers beverages. He next attempted to thrash the French landy man down on Center street and met with only partial success.

The next thing heard of him was a plaintive squall that came from under the bridge over the Riverside ditch. A couple of planks were wrenched off and the half drowned body of the convivial pugilist hauled out. He was stood on his head, rolled over a barrel and wrung out. At last accounts he was looking for the man who threw him in the ditch—in order to keep out of his reach.

WHY IS IT?

THAT THE NOVELTY DRY GOODS STORE has increased their trade from month to month since they began to do business with the people of Washoe County and vicinity?

Because they buy the best and sell at the lowest margin of profits. Why can they sell cheaper than any other dry goods house? FIRST, They do not have to hire help. SECOND, Their expenses are very low for the amount of business they are doing. THIRD, They discount all their bills, which is quite an item of gain in one year. FOURTH, They do not add the freight charges to their goods, which is quite a percent in favor of their customers. FIFTH, They do not want to get rich in a few years—only to make a nice living and treat our customers right every time. In a short time they will have on display a full line of holiday goods. Look for our ad in The Journal, and show windows from the first to the ninth.

A BOARD OF TRADE.

THERE is scarcely a town of half the population of Reno in California that has not a Board of Trade, or some other similar body of public authority to look after such matters of interest as come within the province of an organization of that character and purpose. There is no town or city in California of twice the population of Reno, where such an organization can effect more profitable results for its immediate community or of wider import than right here in the metropolis of Nevada, where the matter has been allowed to languish on account of the inertness of our citizens, who, while admitting its importance and the public benefit to be derived, have failed to take the matter in hand and the necessary steps for its accomplishment.

Reno is not only the railroad center of the State, but is essentially the hub of the commonwealth in a commercial and general business point of view. Its possibilities are greater proportionately, than those of any other town or city on the Pacific coast, and it only requires concert of action in the exploiting of such enterprise as is not lacking in our community, but which has not, heretofore, been exercised with such unanimity as to render it effective to a greater extent than its individual scope.

The Journal has frequently urged the necessity of the organization of such a body as is suggested in the caption of this article, and has shown the advantages that would accrue therefrom, which are needless to recapitulate, for they are admitted by everyone. It will, however, once more urge the utilization of such advantages and that immediate steps be taken for an organized system of encouragement to outside capital as well as the protection and increased profit of that already invested, in which all property holders are directly interested. Mr. Prentice, the local representative of the Southern Pacific company, is an ardent advocate of the proposition, and is desirous of working in harmony with our citizens for the benefit of the town and State, in whose prosperity his corporation has, under its new management, manifested an evidently sincere interest and desire for its promotion. In that one particular alone, harmony and concert of action, between the Southern Pacific and our citizens, should be incentive enough to inspire our business men and property owners with activity in the suggested direction. The expense would be trifling compared with the results to be obtained and we will venture our reputation as a prophet that, with a Board of Trade once under way, the only cause for regret will be that the matter was not taken in hand at an earlier date.

IT MUST BE DISCUSSED.

REPUBLICAN congressmen who have been talking, as a rule, do not favor any tariff legislation this winter. Republican senators are not much in favor of reciprocity treaties and some assert flatly that no such treaties can be approved. The surplus is piling up in the treasury to an enormous extent, nearly twice as much as Secretary Gage estimated, but that don't seem to trouble them just a little bit. They say they can use the surplus to build an isthmian canal and can prevent further accumulations by reducing the internal revenue taxes.

It is the usual Republican policy to abandon taxation on articles that are proper subjects for revenue raising and to continue taxing all of the people by the tariff. Internal revenue is a tax on consumption, and usually on luxuries. It is generally an honest and a fair tax. Tariff taxation is indirect and often unnecessary and burdensome.

Under the present Dingley tariff law the trusts are flourishing and paying immense dividends on watered stock. This does not disturb Republican leaders, but Babcock, of Wisconsin, intends to stir them up again when Congress meets. He says the entire northwest is aroused on the question and he will insist on having it considered. He asks, "will congress permit a tariff duty to remain in force to enable trusts to pay dividends on watered stock?" and uses the Democratic argument that the duties are exorbitant and far beyond the needs of revenue or even protection.

Protection for the consumer has never been a part of the Republican policy. The consumer has ever been the prey of every Republican tariff. But it is nevertheless cruel in Mr. Babcock to make such an exposure of his party's claims. He is, however, saying no more than Democrats have said in exposing the sham of protection, but perhaps Republicans will believe from him what they would not from an avowed opponent of the protection system. At all events, Mr. Babcock's statements with McKinley's plea for modification of the protective policy indicates that there is trouble in store for the advocates of trust protection. Babcock's bill will compel its discussion in the House. Senator Morgan announces that the Democrats in the Senate will insist on taking it up this winter. That is just what the Republicans want to avoid. They want to retain control of congress and they know there is danger of losing it, if the tariff question is the issue. They are in a worse position for defending that policy than ever before. But they will have to face the music.

TO BE REGRETTED.

THE announcement of Senator Vest, of Missouri, that he will under no circumstances consider a re-election, will prove a matter of regret, not only to the Democrats of the country but to all who have watched his course for the last twenty years in the Senate and who admire ability and integrity in a national legislator. His retiring will be especially regretted by the people of the silver producing States and territories, for he has been a zealous and consistent advocate of bimetalism from the time he first took his seat in the upper house of congress, and what is perhaps more to the purpose, unlike our apostate Senators, has not abandoned the convictions, which he still maintains and upholds. He has also been a leader of the opposition to trust encroachments and his voice and vote has ever been upon the side of the people in all matters of congressional legislation. When asked in a recent interview what the Republicans would do in the matter of trusts, he laughed and said, that during the last session of congress the Republicans in the house passed a bill making the provisions of the Sherman law more effective, but the Republicans never permitted it to come to a vote in the senate. They referred it to the judiciary committee and there it died. Every effort of the Democrats to have it reported was defeated. "That shows pretty conclusively how the Republican party stands on the trust question," concluded the Senator.

ARIZONA and New Mexico want to be annexed without further delay. They should have the unqualified support of Nevada and it is to be hoped that the political necessities of the party to which our Senators have lately "returned," will not force them to opposition to the just demands of our territorial neighbors.

CONGRESS will meet next Monday, when the treasury surplus will be attended to.

MINING IN THIS STATE

Culled News of Nevada's
Most Important In-
dustry.

Ophir was yesterday assessed 15
cents a share.

Milling and mining machinery for
Mardis district, Elko county, is being
delivered in carload lots at Deeth.

The White Pine News says that W.
N. Gill, representing an Eastern syndi-
cate, has bonded thirty-eight copper
claims near Ely. The company which
has acquired the properties is cap-
italized for \$10,000,000.

The Gardners have discovered an-
other body of ore near the Delaware
mine, but not on that property, which
gives excellent promise of becoming
a profitable mine. There is a large
ledge and assays run about \$10 per
ton. Work will commence at once
to get out fifty tons for a test run
through the mill. The new claim is
situated above the Delaware.—News.

From Charley Brosamer of Bullion
we learn that the Raine's copper mine
on the mountain opposite Bullion has
been bonded for a good figure to Sen-
ator Clark of Montana, and that exten-
sive operations will be inaugurated in
the spring. This property is one of the
most promising in Elko county, and al-
though but recently discovered and
worked, shows a fine body of high-
grade copper ore. When once at work
the Clark people will push develop-
ment as fast as men and money will
do it.—Elko Free Press.

The prospectus issued by the Esmer-
alda Consolidated Mines Company, at
Buffalo, N. Y., a corporation organ-
ized to develop the Lapanta, Pamlico
and other mining locations in Haw-
thorne district, Esmeralda county, of
which James A. Yerlington is one of the
directors, says: "It is proposed to erect
a 20-stamp mill and cyanide plant, to
convey water into the district from
Cottonwood canyon, and to treat the
low-grade ore from both mines, it be-
ing estimated that there is \$150,000
profit in sight and mined in these de-
posits.

The Dyer group of copper claims in
the south end district of this camp,
including the old Daniels copper mine,
were bonded this week to J. A. Cruik-
shank of Cincinnati, Ohio. These
claims are owned by E. A. Dyer and
mother, R. C. Dyer of this place and
Robt. C. Brann of San Francisco.
There are five claims in all and they
have been bonded for \$40,000 for nine
months. At present the assessment
work is being done on this property,
and about the first of the year exten-
sive development work on the group
will be commenced. The old Daniels
mine has produced considerable high-
grade copper ore in days gone by.—

ALL AROUND THE STATE

A Few Gleaned Para-
graphs of Nevada
News.

John Centras, the original discoverer
of the Tybo mines, died at Union Can-
yon, Nye county.

Over 100 signatures have been re-
ceived in Virginia City to the petition
asking the Nevada delegation in Con-
gress to vote for the building of gov-
ernment vessels in the government
navy yards.

The members of the Virginia Labor
Union are meeting with good success in
their efforts to establish a \$3 per day
rate. Thomas Dick, Ed Swift, T. R.
McGurn and R. S. Meacham have
agreed to pay their employees \$3 per
day for 10 hours' work.—Enterprise.

Three oil wagons to be used in haul-
ing oil from here to Meadow Lake are
at the depot. They have a capacity of
800 gallons each. They are going to
burn oil in the reduction of ore at
Meadow Lake. A large oil tank will
be built here to hold oil. It is believed
that oil can be shipped in there for less
than wood would cost.—Truckee Re-
publican.

Governor Sadler and son, Alfred, left
Eureka by private conveyance Tuesday
for Cave Valley, Lincoln county. The
Governor owns land and water rights
in that section, and owing to the fact
of the proposed new railroads being
built from Salt Lake to Los Angeles
through Lincoln county in the near
future, he believes his holdings are of
considerable value at the present time.

GREAT LUCK OF AN EDITOR.

"For two years all efforts to cure
Eczema in the palms of my hands fail-
ed," writes Editor H. N. Lester, of
Syracuse, Kan., "then I was wholly
cured by Bucklen's Arnica Salve." It's
the world's best for Eruptions, Sores
and all skin diseases. Only 25c at S.

ASTOUNDING DISCOVERY.

From Coopersville, Mich., comes word
of a wonderful discovery of a pleasant
tasting liquid that when used before
retiring by any one troubled with a bad
cough always ensures a good night's
rest. "It will soon cure the cough too,"
writes Mr. S. Himelburger, "for three
generations of our family have used Dr.
King's New Discovery for Consump-
tion and never found its equal for
Coughs and Colds." It's an unrivaled
life-saver when used for desperate lung
diseases. Guaranteed bottles 50c and
\$1.00 at S. J. Hodgkinson's.

SPREADS LIKE WILDFIRE.

When things are "the best" they be-
come "the best selling." Abraham
Hare, a leading druggist, of Belleville,
O., writes: "Electric Bitters are the
best selling bitters I have handled in
20 years." You know why? Most dis-
eases begin in disorders of stomach,
liver, kidneys, bowels, blood and nerves.
Electric Bitters tones up the stomach,
regulates liver, kidneys and bowels, pu-
rifies the blood, strengthens the nerves,
hence cures multitude of maladies. It
builds up the entire system. Puts new
life and vigor into any weak, sickly,
rundown man or woman. Price 50
cents. Sold by S. J. Hodgkinson,
druggist.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been
branded by the most competent author-
ities. They have dispelled the silly
notion that one kind of food is needed
for brain, another for muscles, and
still another for bones. A correct diet
will not only nourish a particular part
of the body, but it will sustain every
other part. Yet, however good your
food may be, its nutriment is destroyed
by indigestion or dyspepsia. You must
prepare for their appearance or pre-
vent their coming by taking regular
doses of Green's August Flower, the
favorite medicine of the healthy mil-
lions. A few doses aids digestion,
stimulates the liver to healthy action,
purifies the blood, and makes you feel
buoyant and vigorous. You can get
Dr. G. G. Green's reliable remedies
at Hodgkinson's drug store.

SYRUP OF FIGS

NEVER IMITATED IN QUALITY.

An Excellent Combination.

The pleasant method and beneficial
effects of the well known remedy,
Syrup of Figs, manufactured by the
CALIFORNIA FIG SYRUP CO., illustrate
the value of obtaining the liquid laxa-
tive principles of plants known to be
medicinally laxative and presenting
them in the form most refreshing to the
taste and acceptable to the system. It
is the one perfect strengthening laxa-
tive, cleansing the system effectually,
dispelling colds, headaches and fevers
gently yet promptly and enabling one
to overcome habitual constipation per-
manently. Its perfect freedom from
every objectionable quality and sub-
stance, and its acting on the kidneys,
liver and bowels, without weakening or
irritating them, make it the ideal
laxative.

In the process of manufacturing figs
are used, as they are pleasant to the
taste, but the medicinal qualities of the
remedy are obtained from senna and
other aromatic plants, by a method
known to the CALIFORNIA FIG SYRUP
CO. only. In order to get its beneficial
effects and to avoid imitations, please
remember the full name of the Company
printed on the front of every package.

EXCLUSION OF ASIATICS

An Open Letter to Senator Stewart to Support the Bill.

Hon. W. M. Stewart,
U. S. Senate, Washington, D. C.

Sir,
By Resolution passed at a regular meeting of the Tuscara Miners' Union No. 31, Western Federation of Miners, W. I. Plumb, A. L. Anderson and J. C. Doughty were appointed a standing committee on Chinese immigration with full power to gather statistics and to send out petitions in favor of the re-enactment of the present Chinese Exclusion Act, etc.

Pursuant to those instructions, we present you with the following petitions, which we have collected from the counties named on margin of each, signed by the voters of your State playing Congress to re-enact the law excluding people from Asiatic countries, viz China and Japan, from all territory under the jurisdiction of the United States of America. Our petition states in a few terse words why such a law should be passed. Not for the benefit of a single class who would seek to profit by it, but for the advancement of all, high or low, rich or poor; for the advancement of the higher civilization to which every true American stands pledged; for the protection of the American home, which is the bulwark of our freedom; as no civilized home can exist when brought in contact or competition with the degradation of the people of the Orient. We of the Pacific Coast States know this by actual contact. We have been engaged in a life and death struggle for the last thirty years. Not only in the field of production are they a menace, but morally they are a festering sore. We have seen the youth of this country enticed into their dens of vice and ruined morally and physically. We have seen thousands of people spend their time and money in the vain effort to civilize and christianize these people, and we know they are still Chinamen, never will and never can become Americans.

We realize fully that you understand this question and have only written the above to enable you to show others how your constituents feel on the subject.

In conclusion allow us to wish you God-speed in your efforts to protect the American manhood from the threatened peril, and any word that we can say or deed that we can do, to assist, we beg of you to command us.

Respectfully Submitted,
W. I. PLUMB
A. L. ANDERSON
J. C. DOUGHTY

Financial Talk No. 6.

A THRIVING SOUTHERN TOWN—There is a little town in Louisiana, situated on the Mississippi river, which has a Building and Loan Association remarkable from the fact that its members are equally divided as to color, one-half the number of stockholders being white and the other half negroes. Lake Providence was incorporated as a town in the year 1874, but failed to make any progress until the above mentioned Building and Loan Association was organized at which time the town immediately began to grow and within eight years the population has doubled itself. The association continues progressing and is invaluable to the citizens in securing homes and affording safe means of investment for all classes residing in the town.—Herald.

All extremely rich men began with small savings. Had they despised the little gains they would never have been rich.

We loan money at moderate rates of interest on a definite contract to be returned in monthly installments. We receive deposits in either small or large amounts to be paid monthly in regular or irregular payments or deposited in one lump at one time on which deposits we guarantee and pay fixed rates of interest according to the plan accepted from 5 to 10 per cent per annum. Deposits received from \$3 up.

For further particulars apply to T. W. Griffin, field manager Phoenix Savings, Building Loan Association of San Francisco or assistants at Riverside Hotel.

Note our strong board of directors: A. A. Watkins, vice-president W. W. Montague & Company, and president San Francisco Board of Trade; Charles R. Blisher, vice-president Bank of California, S. Prentiss Smith, assistant Cashier Bank of California; George C. Boardman, general agent Aetna Fire Insurance Company, and director San Francisco Savings Union; Charles E. Ladd, Ladd & Tilton, bankers of Portland, Oregon; Gavin McNab, attorney at law, San Francisco; Clarence Grant, late Building and Loan Commissioner, Montana.

Reno payments may be made at the Washoe County Bank.

"A Sage on Saving" will be discussed in No. 7.

The Palace barber shop on Commercial Row is the handsomest in Reno. It has been thoroughly renovated. Porcelain bath tubs. A North, proprietor.

Thanksgiving Day in the Riverside Town.

Thanksgiving day passed off very quietly in Reno. Football and turkey were rival claimants for public favor, but in the midst of the feasting and roasting there were some hundreds of people in this city who took an hour or two off to attend divine services.

An interesting program was rendered in the army of the Volunteers of America. In Trinity church there were special services of thanksgiving.

Dr. Phelps preached in the Congregational church at the union services. The church was handsomely decorated in "harvest home" style. Many people made contributions of fruits, flowers, evergreens and autumn leaves. A large assortment of cereals and grasses were sent from the experiment station by Professor McDowell. The center of interest was a number of magnificent chrysanthemums kindly sent to the church by J. P. Stanley, the noted chrysanthemum fancier of Santa Rosa.

Winners of Races at Oakland Yesterday.

Following is the result of the races at Oakland yesterday as received over the Owl leased wire and reported in the "Overnight."

Purity Course—Rameses 2 1-2; The Weaver, 1; Major Bird, 5. Time, 1:14 1-2.

Second race (7-8).—Rose of Hilo, 4; Urchin, 3-2; Trimmer, 7. Time, 1:33 1-2.

Third race (3-4).—Ordnung, 7-10; Autolight, 2. Time, 1:15 1-2.

Fourth race (1 1-16).—Cromwell, 1; Ned Dennis, 3-2; Alicia, 2. Time, 1:53 1-4.

Fifth race (5-8).—Botany, 3; Sol Litchenstein, 7-10; Phyllis, 3. Time, 1:02.

Sixth race (1 1-16).—Duckey, 3-2; Lodestar, 2 1-2; Dunblane, 5. Time, 1:52.

A Spectacular Run.

Dan O'Keefe's Lodestar ran a thrilling race Wednesday at Oakland. He made a bad start and was eleven lengths behind at the first quarter and eight lengths to the bad at the half, but he gradually passed the "also rans" and finished second, only a half length behind the purse taker. If Lodestar keeps up his present work he will soon not have the odd odds marked against him.

Death of an Old Lady.

Mrs. Mary R. Holt died at 7 o'clock yesterday morning at the home of J. H. Clemons in this city. She was aged 89 years and 11 months. She was a native of Maine, and is survived by a daughter, Mrs. H. M. Clemons. The funeral will be private and the interment will take place in Oakland.

Increasing Capacity.

Twenty thousand feet of lumber have arrived for improvements to the freight station, made necessary by the largely increasing traffic.

The building will be moved farther back from the tracks in order to permit of a larger platform.

Bought Choice Stock.

The professors of the Utah State University who visited Reno Wednesday, purchased four Hereford heifers and a thoroughbred bull from John Sparks. These products of the famous Alamo ranch were shipped to the Utah Experimental Station.

Extra Copies.

Extra copies of the special Tonopah edition of the Mining and Scientific Press may be obtained by applying to or addressing the Reno branch office, Room 1, upstairs Co-Op building. G. W. Ingalls, correspondent and general agent.

HISTORY CONFERENCE.

Miss Wier will meet all Reno teachers and any visiting teachers who are interested in the teaching of history in a conference, at the High School rooms in Reno, Saturday, Nov. 30, at 2 p. m.

THE RENO CYCLE CO

Received this morning by freight from New York a triple power emery grinder, for grinding skates, chisels and all kinds of tools. This Company carries the largest stock of bicycles and sundries of any store in the State. All new and up-to-date goods. Repairing by mechanics.

NOW IS THE TIME

To get in on the ground floor. A limited number of shares in the capital stock of the Hesperian Crude Oil Company will be sold in Reno for one-fourth of par value.

The first well is being sunk and the chances are almost conclusive of getting oil. This is the first oil well in Nevada. The general manager of the Company, A. Lowe, will call upon you in a few days.

The new oil field is located in Elko county, where are found immense beds of shale carrying more or less paraffine oil.

The fossil lime, which is there in large bodies, contains the same fossils of marine life and has the same smell of gas as has the lime that is found in the Pennsylvania oil fields.
